On The Front Line:

A Summit on the Heroin/Opioid Epidemic in Illinois

State officials have identified six Illinois counties on the front line in the fight to end the heroin/opioid epidemic that has claimed countless lives across the Nation. These counties are implementing innovative strategies to reduce opioid overdose deaths. This informative panel discussion will highlight their critical work, focusing on options to expand and support their initiatives. **Information:** www.HeroHelpsSWC.org

Free , open to the public, pre-registration not required.
